AFJROTC Overview

1.1 Mission. The United States Air Force and the William S. Hart Union High School District make considerable resources available for utilization within the JROTC program. They make this commitment for this intended purpose: To Develop Citizens Of Character Dedicated To Serving Their Nation And Community.

1.2 Objectives. The CA-20063rd Cadet Corps exists to instill in cadets the values associated with citizenship and community service for the betterment of society and of the individual members of the corps using the following objectives:

A. Cadets Will Value The Principles Of Citizenship And Community Service.
B. Cadets Will Develop The Highest Degree Of Personal Responsibility.
C. Cadets Will Attain A Sense Of Accomplishment And Self-worth.

1.3 Goals. Unit impact goals will be determined and set every year for the betterment of the individual members of the corps, school, and community as reflected in the mission statement and objectives. The unit goals are to be altered by the 5th week of each year. The goals will be posted on the corps website and in each of the corps classrooms for every cadet to strive for.

A. School Impact Goals
   a. 85% Of Cadets Will Attain A Grade Point Average (GPA) Of 2.5 Or Above At The End Of Each Semester.
   b. Cadets Will Successfully Conduct A Campus Cleanup Community Service Event At Golden Valley, Hart, And Canyon High Schools.

B. Cadet Impact Goals
   a. 60% Of Cadets Will Increase PFT Scores By 10% And Decrease Run Test Times By The Final Pft Test During The 2017-2018 School Year.
   b. 5 Flights Will Have No More Than 3 Non-dress Events (inspections, Pt Community Service Etc.) Per Semester.

C. Community Impact Goals
   a. All Cadets Will Attend No Less Than 2 Community Service Events Per Semester.
   b. The CA-20063rd AFJROTC Corps Will Participate in At Least 3 New Community Service Events Within the 2017-2018 School Year.

1.4 Core Values. The following core values, if adopted and practiced, will serve as anchors that will keep each cadet safely grounded on high moral ground. The core values are:

A. Integrity First - Integrity embodies the notion of complete and unimpaired adherence to a strong moral code. Although a cadet may abide by corps values while participating in JROTC activities, that cadet would not exhibit integrity if those values were violated in other contexts. Integrity demands compliance in all aspects of one’s life, improving their character in the long term.

B. Service Before Self - Service before self entails actions that contribute to the welfare of others and bestows benefits upon them without any expectation of favor in return. It usually entails a certain amount of sacrifice, though it might be minor in nature. It is important, especially in the role of a leader, to internalize the value as, “Service before myself,” instead of using it as a crutch against subordinates with, “Service before n yourself.”
C. **Excellence In All We Do** - Excellence is not an act, but a habit. If one settles with mediocrity, recognition will not be as rewarding than if one utilizes their greatest effort. One should direct himself to develop a sustained passion for the continuous improvement and innovation that will propel him into a long-term, upward spiral of accomplishment and performance.

1.5 Cadet Honor Code. The honor code is specific and clear in what it demands. All cadets are expected to have complete integrity in both word and deed, to possess sustained self-control, and to exhibit conscious effort in all that is done. All cadets will do their own work. However, in the attainment of group goals, cadets will assist others in a spirit of cooperation and teamwork. When questionable behavior or wrongful behavior is observed, the observing cadet will take immediate action to stop such behavior and to report that behavior to superiors. The code is applicable at all times, not just when in the uniform or participating in corps activities. When a code violation is noted, or even suspected, all cadets will diligently work to bring the offending cadet to corrective action. Arguing and evasive statements are not consistent with abiding with the code. It is as follows: *I Will Not Lie, Cheat, Or Steal, Nor Tolerate Those Who Do.*

1.6 Cadet Creed. There is a basic creed that every AFJROTC cadet must follow throughout his/her AFJROTC career. These are the most basic responsibilities that each cadet must follow. The creed goes as follows:

*I Am An Air Force Junior ROTC Cadet*

*I Am Connected And Faithful To Every Corps Of Cadets Who Serve Their Community And Nation With Patriotism.*

*I Earn Respect When I Uphold The Core Values Of Integrity First, Service Before Self, And Excellence In All We Do.*

*I Will Always Conduct Myself To Bring Credit To My Family, School, Corps Of Cadets, Community, And To Myself;* My Character Defines Me. *I Will Not Lie, cheat, Or Steal. I Am Accountable For My Actions And Deeds.*

*I Will Uphold Others Accountable For Their Actions As Well.*

*I Will Honor Those I Serve With, Those Who Have Gone Before Me, And Those Who Will Come After Me.*

*I Am A Patriot, A Leader, And A Wingman, Devoted To Those I Follow, Serve, And Lead.*

*I Am An Air Force Junior ROTC Cadet*
1.7 Cadet Code of Honor. In order to emphasise the values and ideals used to develop the average high school student into an AFJROTC cadet, they are given a Code of Honor which details the thought processes and moral implications cadets live by. The Code of Honor goes as follows:

*We Pledge Ourselves:*  
*To Not Lie, Cheat, Steal Nor Tolerate Those Who Do.*  
*To Promote The Best In School Spirit.*  
*To Create And Maintain Higher Standards Than Other High School Students.*  
*To Respect Our Afirotc And School’s Property To The Fullest Extent.*  
*To Manifest In Life The High Principles Our School Officers.*  
*To Respect Our Teachers, Appointed Officers, And Classmates.*  
*To Obey Lawful Orders Or Instructions From Our Teachers, Appointed Afirotc Officers, And Ncos.*  
*To Recognize And Appreciate The Sacrifices Our Parents/guardians Have Made To Further Our Education And Show Them All Due Respect And Gratitude.*  
*To Revere My Country, The Flag, And To Take Pride In Wearing My Afirotc Uniform.*

1.8 Program Description and Purpose. AFJROTC is a congressionally mandated program designed to instill in students within secondary educational institutions the values of citizenship, service to the United States, personal responsibility, and a sense of accomplishment. This program does expose students to "value training," leadership and personality development, and group dynamics. AFJROTC is a unique academic and citizenship program of instruction operated under public law with support provided by each of the U.S. armed services. This is NOT a recruiting program or discipline camp, nor does a student incur any military obligation whatsoever. Nonetheless, there are military benefits upon completion if one chooses to enlist in their future.

1. **Program Benefits.** The Air Force Junior ROTC program provides instruction, experience, and motivation to each cadet so that they will graduate from high school with the knowledge, character, and qualities of leadership essential to their progressive development as a concerned and productive citizen in the United States of America. If one chooses to pursue a military career, the successful completion of the AFJROTC program gives potential to early promotion, along with providing a solid foundation for teamwork and leadership skills. Likewise, successful completion may also lead to advanced placement in Senior (College) ROTC.
1.9 AFJROTC Instructors. Schools will employ a minimum of one retired commissioned officer (Senior Aerospace Science Instructor) and one retired noncommissioned officer (Aerospace Science Instructor) as instructors approved by the Air Force. The instructors are members of the school faculty and enforce the policies and regulations of the William S. Hart School District and Golden Valley High School. Instructors directly supervise all cadets participating in AFJROTC unit events and activities (i.e., drill competitions, curriculum-in-action trips, base visits, etc) that enhance or supplement the program.

1.10 Academic Program and Curriculum. AFJROTC at Golden Valley High School is a four-year program. Cadets receive credit toward high school graduation by successfully passing AFJROTC classes. The curriculum includes 40% Aerospace Science (AS), 40% Leadership Education (LE) and 20% Wellness. All students will be given credit towards graduation for successful completion of the AFJROTC program per the Air Force school agreement.

A. Aerospace Science (AS). AS acquaints students with the elements of aerospace and the aerospace environment. It introduces them to the principles of aircraft flight and navigation, the history of aviation, development of airpower, contemporary aviation, human requirements of flight, cultural and global awareness, geography, the space environment, space programs, space technology, rocketry, propulsion, the aerospace industry, and survival.

B. Leadership Education (LE). LE is the portion of the AFJROTC curriculum that develops leadership skills and acquaints students with the practical application of life skills. The leadership education curriculum emphasizes discipline, responsibility, leadership, followership, citizenship, customs and courtesies, cadet corps activities, study habits, time management, communication skills, career opportunities, life skills, financial literacy, management skills, and drill & ceremonies.

C. Wellness Program. Wellness is an official and integral part of the AFJROTC program. The objective of the Wellness Program is to motivate cadets to lead healthy, active lifestyles beyond program requirements and into their adult lives.

1.11 Enrollment and Disenrollment. All AFJROTC students must be enrolled voluntarily and participate in the full program requirements. Program requirements include: taking AFJROTC academic courses, participation in the cadet corps activities, properly wearing the prescribed uniform each required uniform day, meeting and maintaining Air Force grooming standards, and maintaining acceptable disciplinary standards.

A. Cadets who are consistently deficient in one or more of the areas, demonstrate a negative pattern of behavior, and are disruptive to the overall corps operations and may be disenrolled. While AFJROTC instills self-discipline, it is not to be used as a remedy for chronic student disciplinary problems. See Section 3.3 for discipline regarding minor inappropriate behaviors, and Section 3.2.5 on the prohibition of physical discipline/hazing.

B. Disenrollment from the AFJROTC program may also be spurred by receiving a set number of referrals for bad behavior or other misconduct. This number is respectively 7 referrals per cadet (for any recurring infraction). Please refer to section 3.3.3 for more information about referrals.
1.12 Reserve Cadet. A Reserve Cadet is student who either: 1) completed the entire AFJROTC Academic Program, 2) is in a 4x4 schedule and completed an AFJROTC course during one term, but not participating in an AFJROTC course during their current term, or 3) is in a traditional schedule unit where the cadet cannot participate in the AFJROTC academic program for that particular year. A student must have been a cadet for at least one academic year (academic term 4x4) prior to being considered a Reserve Cadet. Reserve Cadets may participate in all AFJROTC activities (community service, drill team, honor guard, etc.). Time in reserve status does not count towards the Certificate of Completion, nor do Reserve Cadets count toward minimum unit enrollment or unit funding. Reserve Cadets may retain their uniform for the entire academic year. The rules for Reserve Cadet participation will outlined in the unit’s Cadet Guide.
Chapter Two  
Organization

2.1 Cadet Rank. All cadets carry a cadet rank. It designates position within the cadet corps structure and hierarchy. The greater the responsibilities carried by a cadet, the higher the rank that cadet will hold. There are two levels of rank: Cadet (Enlisted) Ranks and Cadet Officer Ranks. Generally speaking, underclass cadets make up the workforce and the cadet officers provide supervision and leadership. See Figure 2.1 for cadet rank insignia. See Section 2.2 for the promotion process.

A. Newly enrolled students enter the corps will hold the grade/rank of Cadet Airman Basic. As a cadet progresses in knowledge, experience, and ability, the cadet may be promoted to the next higher rank. Conversely, when a cadet demonstrates the inability or unwillingness to perform at the required level or demonstrates the lack of discipline to hold rank, the cadet may be reduced in rank. See Section 3.3 for the full series of consequences that may arise from continued inappropriate conduct.

B. All cadets are assigned a permanent grade commensurate with the number of JROTC years satisfactorily completed. At the discretion of the SASI, cadets in their final term of AFJROTC may retain the highest rank to which they have been promoted, regardless of course level. The permanent grade for cadets are as follows:

One year of enrollment: Cadet Airman  
Two years of enrollment: Cadet Airman First Class  
Three years of enrollment: Cadet Senior Airman  
Four years of enrollment: Cadet Staff Sergeant
Figure 2.1 Air Force Junior ROTC Insignia.
2.2 Promotion. In order to be advanced and be assigned responsible positions, cadets must generally demonstrate high moral standards, overall good conduct, acceptable appearance in uniform, satisfactory performance in carrying out any assigned AFJROTC responsibilities, pass a written test, and engage in a reasonable level of participation in AFJROTC activities and programs. Also considered is the academic grade of the cadet, the number of years in AFJROTC, and other factors as determined by the SASI/ASI.
A. In order to promote, a cadet must have a minimum total points from accumulated merits, monthly evaluation, and test as follows:
   a. Promotion to any Airman rank requires 70 points. (Minimum of 70% on Test)
   b. Promotion to any Junior Non-Commissioned Officer rank (c/SSgt.-c/T Sgt.) requires 80 points. (Minimum of 80% on Test)
   c. Promotion to any Senior Non-Commissioned Officer rank (c/MSgt. –c/CMSgt.) recommendation from a SNCO Board. (Minimum of 90% on Test and a positive recommendation from a promotion board)
B. A new cadet in the 10th grade will be eligible upon request for the rank of Cadet Airman First Class upon enrolling in AFJROTC, being recommended by SASI/ASI, and passing the appropriate level promotion test. New cadets entering the AFJROTC program in grades 11 or 12 will be eligible upon request for the rank of Cadet Senior Master Sergeant or Cadet Staff Sergeant, respectively, upon enrolling in AFJROTC, being recommended by SASI/ASI and passing the appropriate level promotion test.
C. Cadets at a minimum rank of c/MSgt may attend the Junior Officer Training (JOT) program in order to become a cadet officer. Rules and procedures are determined by the designated JOT instructors for the cycle. Some requirements in the evaluation process include 70% on written test, letters of recommendation, a cadet resume, and board interview.
D. Cadet officers will take a general knowledge assessment test in order to promote, along with grade, performance, participation, and leadership/followership qualities evaluated by the SASI and cadet group commander.

2.3 Evaluation. Evaluation measures achievement of AFJROTC goals and objectives, and informs cadets of their progress, which parents/guardians may keep track of as well. Instructors will brief cadets of objectives, expectations, and standards of conduct from the beginning of the school year, and guide them toward these goals. It is the responsibility of the cadet to keep track of their grades as per the habit of an academically aware high school student. If a cadet has questions regarding their grades, they are encouraged to inquire about their status before or after class. Cadets will be held accountable for academic achievement, proper wear of uniform, performance of drill maneuvers, use of military customs and courtesies, and participation in leadership activities or physical fitness.
A. Academic performance will account for fifty percent of the grade. Uniform wear, participation in drill, fitness, and community service will account for the other fifty percent of the grade.
   a. Grades will be dropped by one letter grade on a fourth unexcused non-dress of uniform after three unexcused non-dresses.
b. Every violation of uniform regulation, referred to as a “gig,” will be equivalent to a subtraction of 5 points from the grade of the uniform wear. If a cadet repeatedly violates a specific uniform regulation, such as not getting a haircut for weeks, it is up to the discretion of the flight commander to raise the amount of gigs per week for the continued violation as a penalty until it is corrected. Special interest items as outlined in the weekly operations order will be considered as 10 points.

c. Cadets must wear the uniform for the entire school day in order to receive credit. Changing in/out of uniform is prohibited without permission from the SASI/ASI. Exceptions to uniform wear may be obtained from the SASI/ASI. These exceptions must be specifically requested and may be allowed for reasons such as ceramics class, gym class, field trips in other classes, etc.

Chapter 3
Customs, Expectations, and Consequences

3.1 Classroom Rules & Procedures. Cadets are to report to the outside of the classroom before the bell signals the start of class. The squadron commander will then call the squadron in on the drill pad. The Group Commander will also call staff in on the drill pad to the immediate right of the squadron. Any cadet that is not in formation on time, without a pass, or excuse from a cadet officer or AFJROTC instructor will be marked tardy. Second Squadron cadets that are late due to the bus are excused; cadets that drive on their own and are late from stopping to get food/drink will not be excused. Cadets may not leave the AFJROTC classroom without permission or dismissal from a cadet officer or AFJROTC instructor. After attendance has been taken the squadron commander will give the command of “Column Files to the Classroom” and cadets will march into the classroom single while and then stand next to their assigned seats. General academic classroom policies remain for AFJROTC. Classroom procedures are as follows:

A. As cadets enter the classroom. All other students visiting the AFJROTC classroom must leave or complete their duty. The squadron commander or highest ranking cadet will order cadets to get to their assigned seats and for displaced cadets to return to their proper classroom. The command of “Seats” will be given with the proper response of the cadets. It is up to the discretion of the squadron commander or highest ranking cadet to allow cadets to sit at ease.

B. If cadets are too loud, out of their seats, or misbehaving. The squadron commander, flight commander, AFJROTC instructors, or cadet officers reserve the right to place the classroom, problematic flight, or problematic cadet(s) in their seats at attention or standing at attention.

C. Within the classroom, cadets will:
   a. Not speak out of turn or have side conversations, unless ordered to be at ease. If permitted to talk, cadets will speak in a conversational tone, monitoring their own and others’ volume and language.
   b. Not eat/drink anything other than water from a closed container as to not attract any bugs, insects or rodents to the classroom.
   c. Place trash in the proper containers and check the area around them for any trash before they leave.
   d. Act mature and not throw any item across the room or to/at another cadet.
   e. Return desks to their proper place before they leave.
   f. Show respect by removing sunglasses or hats upon entering, and informing others to do so as well.
   g. Not use their cell phones, tablets, music players, or any other electronic device unless permitted by an AFJROTC instructor. E-reading devices are allowed as long as they are not distracting or being used during instruction. Cell phones may be used for reading during free time, but are subject to question at any time.
      i. Electronic devices or other distracting items are subject to confiscation. See Section 3.3 for further information.
   h. Show respect by not sitting, lying down, standing, or resting feet upon desks. Cadets with a medical condition, for example, an injury that requires an elevated
foot, will receive accommodation and understanding after notifying the SASI or ASI.

i. Not rest heads on their desks unless authorized by an instructor due to illness.
j. Always wear proper footwear and clothing. Walking around barefoot or half-dressed, such as after a uniform fitting, is prohibited.
k. Not distract each other during instruction. This applies to commanders, staff, upperclassmen, and officers as well, unless provided with good reason.
l. Not engage in any personal displays of affection (PDA), as it is a professional environment.
m. Be prepared for class and activity. This applies to any items necessary for physical training, uniform, or class. It also includes having all assignments, paperwork, or staff task completed and ready for review.
n. Not enter the storage room without permission or accompaniment from the SASI, ASI, or logistics officer.
o. Not write on the board or on any other visual aid without the instructor’s permission.
p. Remain in their seats unless given permission from the cadet in charge of the room/flight/squadron, SASI, ASI, or cadet officer.
q. Any entrance into classroom mandates the taking of seats at attention
   i. The command at ease may be given by flight commander, squadron commander, cadet officer, SASI, or ASI
r. When given the command at ease cadets must stand in the position of parade rest:
   i. Cadets may also:
      1. Look around.
      2. Move minimally.
   ii. Cadets may not:
      1. Speak at all unless spoken to by commanding officer.
s. Any ordered exits of the classroom must be conducted column of files manner.

D. **Cadets with guests or Cadets not mandated to stay in classroom:**
a. Guests are to adhere to the same rules as cadets.
   i. Guests absolutely may not:
      1. Eat inside the classroom
      2. Sit on desks at any time
      3. Sit on floors unless given permission by cadet staff, SASI, or ASI

3.2 **Cadet Etiquette.** Cadets expected to be well-behaved and courteous at all times. Poor behavior will not be tolerated or excused, as it brings discredit on the corps of cadets as well as oneself. Mature behavior is important in all classes, not just in AFJROTC. Cadets become leaders by exhibiting qualities of intelligence, good judgment, decisiveness and initiative. Cadets inspire others by setting examples of confidence and maturity. In order to realize the highest potential, cadets must maintain high standards of self-discipline, high ideals, good manners, social grace, appropriate dress (in and out of uniform), good grooming, and language use.

1. **Salute.** The salute is a traditional greeting between military personnel and is deeply rooted in military history. The way cadets execute a salute is important. A smart salute
indicates pride in self and corps. A sloppy, lackadaisical salute indicates lack of confidence and pride. Cadets should develop the habit of carrying books or other objects with the left hand or on the left shoulder to free the right hand for saluting. Salutes are usually rendered outside and in uniform, with few exceptions. The following includes general guidelines about saluting:

a. Salutes will be held until returned or acknowledged by the recipient. Those that should be saluted while outside and in uniform include:
   i. Government officials such as the President.
   ii. AFJROTC instructors. This includes the SASI, ASI, and instructors from other JROTC corps.
   iii. Cadet officers.
b. A salute is never given or returned while running. The cadet will come to quicktime, a regular walking or marching pace, to render a salute.
c. A salute is only given indoors when participating in a ceremony or reporting to a senior cadet, SASI, or ASI. All other salutes are to be done outside with both cadets wearing a flight cap, beret, or service cap.
d. If a cadet is late for formation or is summoned, they will wait patiently at parade rest along the perimeter of the drill pad if one is in use as to not interrupt or interfere with drill performance/instruction. Upon commander or NCO acknowledgement, the cadet will assume the position of attention, salute, and say: “Sir/ma’am/sergeant, Cadet [first and last name] reports as ordered.”
e. While in uniform both inside and outside, when the Pledge of Allegiance is given, each cadet will stand at attention. If in civilian clothing, the cadet will assume the position of attention and place their right hand or headgear over heart and say the pledge with pride.
f. Senior cadets will correct saluting violations in a helpful manner on the spot. Cadets will not be placed in a degrading or embarrassing situation by public reprimand. Senior cadets will not harass cadets for not saluting on the spot. Instead, a small reminder should be given when not in public. If a cadet adamantly or repeatedly refuses or fails to salute, then further consequences may be pursued along the lines of disobeying a direct order. See Section E for further information on hazing.

2. **Position of Honor.** The right side is the position of honor. While in uniform, a cadet should walk or sit on the left side of an AFJROTC instructor, military service member, or higher ranking cadet officer who assumes the position of honor on the right. The cadet on the left must conform to the step and cadence of the person within the position of honor. Respect should be dutifully extended in the common courtesies of holding doors, carrying equipment, etc.

3. **Use of Titles.** The SASI/ASI may address cadets as Mr., Mrs., and Miss, or by cadet rank and last name. Officers, Commanders, and SASI/ASI are to be addressed as Sir/Ma’am under any and all circumstances. Cadets are to address each other by last name, unless in uniform where rank is the proper method of title, and address enlisted cadets by Cadet or last name. Cadets will address their AFJROTC instructors by rank and last name or “Sir”/”Ma’am” as to maintain a professional environment.
4. **Respect for Authority.** Responsible and successful citizens develop respect for authority. Persons of authority are those who have been given additional responsibility and have some control over you and your actions. Cadets are expected to accept this concept and show the proper respect and courtesies to other cadets who have been placed in positions of authority.

5. **Physical Discipline and Hazing.** Any form of hazing, whether verbal or physical will not be tolerated within any AFJROTC unit or activity. Requiring cadets to perform any physical action as a reprimand, punishment, or for failure to perform, will not be tolerated within any AFJROTC unit or activity. Examples of prohibited physical activities include, but are not limited to: push-ups, running laps, or any inappropriate physical contact such as shoving, pulling or grabbing. Any form of verbal abuse, teasing, public rebuke, or any attempt to otherwise humiliate a cadet is prohibited. This prohibition is applicable to all AFJROTC unit activities including instructors, cadets and any personnel involved with, or participating in, an AFJROTC unit or activity. No unit may encourage, facilitate, or otherwise condone unauthorized clubs, secret societies or private clubs as part of the AFJROTC program.

6. **Inter-Cadet Conflict:**
   a. Must be dealt with outside of classroom
   b. Any making of a scene will result in the issuing of punishment
   c. Upon extreme escalation, Administrative consequences may be inflicted.

7. **Cadet Interaction:**
   a. General:
      i. Officers, Commanders, and SASI/ASI are to be addressed as Sir/Ma’am under any and all circumstances
   b. Enlisted Cadets:
      i. Address on another by last name (or rank in times of uniform wear)
   c. Cadet Officers:
      i. Address each other by last name, unless in uniform where rank is the proper method of title.
      ii. Address enlisted cadets by Cadet or last name

8. **Inspections:**
   a. Inspectors must keep time dedicated per cadet to a reasonable minimum. Maintain precision while at the same time not giving a certain cadet more time than necessary.
   b. While all aspects of uniform wear are to be verified, give a prominent segment of the inspection period to the special attention items detailed in the weekly Operations Orders.
   c. Knowledge is to be deemed gigged if information cannot be recalled immediately.
   d. Flight NCO’s are the first to be inspected after the Flight commander has called them to post. Once the F/cc has completed the inspection of the NCO, they will
then inspect the flight. An officer within the flight, or from the staff flight will inspect him/her at a later time.

9. Cadet Responsibility:
   a. Cadets are responsible for keeping their cadet folders updated at all times.
   b. Element leaders are responsible for the cadets within their elements. In the aspect of chain of command, element leaders are between the cadet and the NCO, and should be the cadets first destination in the need of information or presentation of inquiry.
   c. If a cadet asks a question to which the answer is unknown, it is the cadet’s responsibility to continue up the chain of command until the full answer can be given.
   d. Cadets who are members of a team are responsible for the maintenance of their weapons, as well as the shared responsibility of keeping the back room clean and organized.
   e. Cadets backpacks are to be kept at their seats beneath the desks.

10. Staff Responsibility:
   a. The only corps members allowed to stand at the front of the room are The Top 3, Squadron Commander(s), and Flight Commanders. It is the responsibility of these allotted people to keep the front of the room in order. The backpacks of these people are to be kept in a designated and discreet area.
   b. Flight commanders are mandated to keep track of their cadets progress. They are are required to keep a record of their cadet’s attendance to community service, demerit reception, and commendable actions or achievements.
   c. Commanders and staff members hod the responsibility of keeping cadets orderly while on the bus and while moving to the classroom.

3.3 Consequences for Poor Behavior. As a reflection of the cadet honor code, “I will not lie, cheat, or steal, nor tolerate those who do,” and core value of, “Integrity first,” cadets will abide by their etiquette and expected behavior, along with reporting those who break it. Cadets will own up to their mistakes with respect and accountability. To encourage proper behavior, the following consequences can be expected when violations occur:

   A. General Consequence Order
      a. Verbal warning.
      b. Written counseling/demerits.
      c. Counseling with a board of cadet leadership and/or SASI/ASI to review cases of misconduct, insubordination, adverse attitude towards the JROTC program, violation of the honor code and failure to meet standards.
      d. Demotion, combined with a board of top cadet leadership.
      e. Contact with school counselor or parent.
      f. Disenrollment. See Section 1.9 for information about disenrollment.

B. Merit/Demerit System
   a. Merits and demerits serve as rewards for good deeds and punishment for poor behavior, respectively.
      i. Merits will be given for cadets who attend AFJROTC sponsored community service events, with the following rules of thumb: one merit for showing up, and one merit for every hour attended. Cadets may provide their non-AFJROTC sponsored community service hours, but two independent hours will be equal to one merit. Merits may also be given in reward to AFJROTC-sponsored donation events. Each merit over the required number to promote to a given rank will count as one correct answer on a promotion test. Merits will not carry over to the next promotion cycle unless the cadet did not promote due to a failed promotion test, failure in an AFJROTC or academic class, did not meet the merit requirement, or was chosen not to promote.
      ii. Demerits will be issued to cadets as punishment for poor behavior after a verbal warning. They will be given only by cadet officers; if a cadet of enlisted rank wishes to give a demerit, they must inform a cadet officer of the situation for them to issue it. Demerit will serve as a negation of the same number of merits from the current promotion cycle, and will remain in the cadet’s personnel file for reference if the cadet wishes to apply for a staff job or leadership position.
      iii. Each demerit will be paired with a review. Reviews will consist of a small board with the cadet(s) involved either separately or together, and one or more cadet officers to mediate. This is so cadets will understand the reason for their demerit and to prevent further misconduct.
      iv. If a cadet chooses to decline a demerit, they will be assigned a staff board to discuss the situation that caused it. The amount of demerits will be subject to increase/decrease, or may lead to demotion for the cadet in question.
   
   C. Referral System
   a. The consequences brought on by the demerit system did not have enough effect on the cadets in the aspect of consequential development. In order to combat this, the referral system was put in place as a means of a more severe punishment for cadet infraction.
b. The consequence order goes as follows for 1st-3rd year cadets:

<table>
<thead>
<tr>
<th># of demerits</th>

D. Cadet Officer Consequences.

a. Cadet officers will be held to a higher standard in terms of behavior, attitude, conduct, and leadership. Violations will be dealt with in private as to not reflect badly upon the entire group of cadet officers. Nonetheless, cadets with enlisted ranks should be assured that violations will deal with with the same maturity and professionalism, if not more. Because cadet officers do not follow the typical enlisted merit & test based promotion cycle, they will follow a three-strike system. After verbal warnings and/or boards with the chain of command, a strike will serve as written counseling. If three strikes are given with a sufficient number of evaluation boards, it is up to the chain of command to determine if the cadet should be demoted to a lower cadet officer rank or to return to an enlisted rank.

b. Cadets with an enlisted rank should feel safe in telling a cadet officer of another’s wrongdoings or calling out a cadet officer without accusation of perjury within reason. Cadet officers will not use rank to justify nor excuse their behavior if it is inappropriate, as they are not only held to a higher standard, but set it as well.
Chapter 4

Uniform Accountability

4.1 Uniform Wear. Uniforms will be issued by logistics at the beginning of the school year. Uniforms are on a loan basis and will be turned in upon request. Excluding ribbons and name plates, all items remain the property of the Air Force. Cadets are prohibited from wearing the uniform any time besides the designated uniform days or events without permission from the SASI. On uniform days, cadets are expected to wear the uniform from when they leave the house to when they return home; those who change in/out of uniform at any point in the day without permission from the SASI will be given no credit for that uniform day. Uniform regulations are derived from the AFJROTC 36-2001 Operational Supplement Chapter 7. Abide by that document if there are any discrepancies between this document and the supplement document.

A. The operations officer will determine the uniform of that Tuesday, with concurrence from the cadet group commander and SASI, and will post such uniform information in the weekly operations order by the friday of the prior week. Cadets are required to know uniform combinations by name. The uniform combinations are as follows:

a. Combination A: Blue service coat, light blue shirt, tie or tie tab, blue pants. Accoutrements will be worn on the blue service coat. Medals will only ever be worn on the blue service coat. This is considered the most formal uniform. Known as “Class A.”

b. Combination B: Light blue shirt, tie or tie tab, blue pants. Ribbons and nameplates will be worn on the light blue shirt. Known as “Class B.”

c. Combination C: Light blue shirt, blue pants. Known as “Class C.”

d. Combination D: Optional ABU issued to junior and senior cadets. This uniform is worn only once a month.

B. Physical Training Uniform Wear. The physical training uniform consists of the PT shirt, PT shorts, and athletic shoes and will be worn during physical training every Monday. See Chapter 6 for more information about the Wellness Program.

a. The “Modified PT Uniform” consists of the physical training shirt or AFJROTC polo shirt, blue denim jeans, and athletic shoes. This is sometimes worn for community service events if volunteer shirts or unit polos are not provided.

4.2 Uniform Waiver. The AFJROTC H.Q. has granted the CA-20063rd Cadet Group authorization to wear a patch customized and designated for the unit. It is to be worn on the right arm of the uniform centered to the arms seam and an inch below the shoulder seam line.

4.3 Uniform Wear Make-Up Policies. If a cadet fails to wear uniform or is absent on the designated uniform day as outlined in the weekly operations order, it is the responsibility of the cadet to make up the uniform wear on the nearest day with an AFJROTC class.

A. First squadron cadets may not make up uniform wear on Fridays.

B. Grades will be dropped by one letter grade for each unexcused non-dress of uniform after three unexcused non-dresses.

C. Uniform wear for extracurricular activities may count as a substitute for weekly uniform wear requirements at the discretion of the SASI.

4.4 Uniform Care. It is the responsibility of each cadet to maintain their uniform, to inform logistics of any uniform malfunction or damage, and to request new uniform items through logistics. Logistics will replace damaged uniform items only on Mondays. Opportunities for uniform dry cleaning will be provided. The light blue shirt may be machine washed, with special attention paid to the cleanliness of the collar. Military presses from dry cleaning companies are prohibited. Service coats, windbreakers and liners, trousers, skirts, covers, ties, and tie tabs must be dry cleaned only. Belts rarely need cleaning, but a light rinse with soap and water will suffice if necessary.

4.5 Prohibited Uniform Activities. Cadets will not perform manual labor, engage in sports activities, attend political rallies or protests, run unless following a direct order, walk on dirt or grass without permission from a cadet officer or AFJROTC instructor, engage in excessive personal displays of affection, use vulgar or degrading language, engage in horseplay, or participate in any act that would generally degrade the uniform. Cadets must remember that questionable behavior in school or in public while wearing the uniform creates an unfavorable impression of the AFJROTC CA-20063rd program, Golden Valley High School, and the Air Force. The uniform will be worn properly, neatly, cleanly, and with pride.

5.2 **Policies.** The Physical Training Commander will outline the Wellness Program for cadets at the beginning of classes. As in other parts of the AFJROTC, class performance and participation will be recognized. Cadets not participating without exemption from the SASI/ASI will have points deducted from their grade. See Section 2.3.1 for the basis of grading.

Chapter 6

Extracurricular Activities

6.1 General. There are several voluntary extracurricular activities which supplement aerospace or leadership experiences. Additionally, these activities bring cadets together with common interests, build esprit de corps, create lasting friendships, and guarantee a good & educational time to those who get involved. Involvement teaches responsibility, teamwork, and cooperation. The SASI and/or ASI will chaperone all activities. The following description of activities is not all-inclusive and may change depending on what activities the cadets choose to organize and incorporate into the program.

6.2 Events/Activities. There will be activities for cadets to participate in throughout their time in the AFJROTC program. Some will be required, while others will be optional and at the individual’s own expense. The following are some that have been done previously. The final determination will be based on cadet interest and their participation in planning and organizing of the events/activities.

JROTC drill teams are considered an excellent means to creating appropriate attention, publicity, and interest in the JROTC program and for maintaining a high state of morale. The drill team consists of approximately 10-19 cadets, including the drill team commander. All cadets are eligible for the drill team provided they are in good academic and moral standing, able to attend team practices, and approved by the team commander.
